

Please find below, a list of resources shared during the Tribal Climate Adaptation Plan Workshop. These are organized pursuant to the roundtable discussions. We have also included the points recommended for communications with Tribal Council and communities as you work on developing Climate Adaptation Plans.

A full list of Workshop Materials is available at: <http://californialcc.org/events/tribal-climate-adaptation-workshop>

1. Examples of Successful Plans or Projects:

- a. See Slide 8, Sue Wotkyns - [Introduction to Climate Change Adaptation Planning](#)
- b. Also, see list of Tribal Climate Adaptation Plans #9, ITEP Toolkit: [Click here](#) to access the ITEP Climate Adaptation Planning Toolkit.
- c. [Climate Change Planning at La Jolla](#)
- d. [Indigenous Responses to Climate Change](#)

2. Resources for Developing Adaptation Plans:

- a. Institute for Tribal Environmental Professionals, <http://www7.nau.edu/itep/main/ClimateChange/>

3. General Resources:

- a. California LCC: <http://californialcc.org/resources>
 - i. Projects: <http://californialcc.org/projects/grid2>
- b. ITEP Toolkit: [Click here](#) to access the ITEP Tribal Climate Change Adaptation Planning Toolkit.
- c. USFS: Tribal Engagement Roadmap: Workshop Handout
- d. USFS Research and Development: <http://www.fs.fed.us/research/tribal-engagement/>

4. Data:

- a. California LCC Climate Commons: <http://californialcc.org/projects/california-climate-commons-0>
- b. USFS, Pacific Southwest Research Station, can assist with tailored data. For more information contact: http://www.fs.fed.us/psw/topics/climate_change/

5. Funding for Planning and Implementation:

- a. U.S. Fish and Wildlife Service, [see presentation](#)
- b. Bureau of Indian Affairs, contact Patrick Taber (patrick.taber@bia.gov)
- c. Environmental Protection Agency, [see presentation](#)

CA LCC Tribal Climate Adaptation Workshop

6. External Community Buy-in:

a. Utilizing Partners:

i. California LCC Partners: <http://californialcc.org/resources/partners>

ii. Ca LCC Tribal Climate Adaptation Planning Workshop Sponsors:

- [California LCC](#)
- [Department of Water Resources](#)
- [Southwest Climate Science Center](#)
- [Climate Education Partners](#)
- [Climate Science Alliance](#)
- [Coastal Conservancy](#)

iii. [Institute for Tribal Environmental Professionals](#)

b. Points that can assist with internal and external support:

- Fires Management Planning, Look at the dioxin by-products that are present or may be present after a wildfire. Are there issues with water contamination or Non-point source pollution?
- Climate Change be a buzz word, so use phrases like “planning for resiliency” will connote the same process.

Ca LCC Tribal Climate Adaptation Plan Workshop, Speaker Presentations
